

PART-TIME CHILDREN & FAMILY WORKER VACANCY

Hook Norton Baptist Church is a growing church in rural Oxfordshire with an exciting opportunity to develop the children's ministry in the community. The village is expanding rapidly through new housing developments that are bringing more families in to the village. The church vision is to provide a place for young families to come and experience all that God has for them.

We are looking to appoint an enthusiastic Children and Family Worker to help us develop a new strategy for reaching out to the families within our community, and build on the success of our activities. The role will provide the successful candidate with the freedom to shape this ministry within the vision of the church and to build a team of supporting church members. We would encourage the post-holder to network with peers in the Cornerstone Group of churches and participate in the SCBA's CYF events.

Relevant experience is desirable, but training will be provided to someone suitably gifted but inexperienced.

This is a part-time appointment (subject to enhanced DBS check) for a minimum term of two years (subject to six months' probation). It is anticipated that the role will average a minimum of 10 hours per week initially.

Salary: £10 - £15 per hour – commensurate with experience.
